

One Way Solutions Indigenous Corporation

Indigenous Economic Opportunity Plans

OWSIC

One Way Solutions Indigenous Corporation (OWSIC) is an Indigenous owned and controlled corporation registered under the Corporations (Aboriginal & Torres Strait Islander) Act 2006 (CATSI Act).

OWSIC & IEOP

The QLD government introduced the concept of Indigenous Economic Opportunity Plans (IEOP) to maximise local employment, training and business supply opportunities for Aboriginal and Torres Strait Islander Queenslanders in connection with local eligible building and construction projects. This commitment by the QLD government is supported by relevant policy and is incorporated into written agreements between the QLD government and preferred tenderers.

OWSIC's principals have been involved in the delivery of IEOP's since 2014 on projects in both the NPA and TSI regions. OWSIC has an exemplary track record of service delivery in relation to IEOP's and in assisting preferred tenderers to meet their agreed project specific employment, training and business supply targets.

IEOP Services Provided By OWSIC

- Development of project IEOP – assisting tenderers (if required)
- Employment/supply brokerage – sourcing local Indigenous workers, services and business suppliers on behalf of principal contractors
- Employment support – helping Indigenous workers to understand employment contracts and workplace responsibilities
- Training brokerage – assisting Indigenous workers engaged on building and construction projects to understand their training options and pathways to achieving trade qualifications
- Non-Accredited training delivery – providing LLN and workplace practices training to workers who are new to the workplace
- Mentoring both employers and Indigenous workers to maximise employment and training outcomes
- Monitoring trainee/apprentice training hours and entry into relevant online Government Agency Systems

Key Characteristics Of Our Success

- Delivery by local Indigenous trainers and mentors who speak local language and who have a deep understanding of local culture and families
- Personal knowledge of local individuals, their qualifications and career goals
- Ability to form excellent working relationships with local people and employers
- Well known and respected across the NPA and TSI
- Knowledge of future construction projects in the region
- Wide network of contacts in: the construction industry, government agencies, registered training organisations and regional stakeholders
